

The Logical Song

Supertramp

Am | | |

Am When I was young, it seemed that 1/2F life was so Em7 wonderful
 A G miracle, oh it was 1/2F beautiful, D7 magical
 And all the Am birds in the trees, well they'd be 1/2F singing so Em7 happily
 Oh, G joyfully, 1/2F playfully D7 watching me |

But then they Am sent me away to teach me 1/2F how to be Em7 sensible
 G Logical, re 1/2F sponsible, D7 practical
 And they Am showed me a world where I could 1/2F be so de Em7 pendable
 G Clinical, intel 1/2F lectual, D7 cynical |

Strum "d-Du-udu"

There are C times when | all the world's a Am sleep
 The | questions run too F deep, for | such a simple Bb man |
 Won't you C please, please | tell me what we've Am learned
 I | know it sounds ab F surd, please | tell me who I Bb am | | |

Now Am watch what you say or they'll be 1/2F calling you a Em7 radical
 G Liberal, fa 1/2F natical, D7 criminal
 Won't you Am sign up your name, we'd like to 1/2F feel you're ac Em7 ceptable
 Re G spectable, pre 1/2F sentable, a D7 vegetable |

Am 1/2F Em7 G 1/2F D7
 Am 1/2F Em7 G 1/2F D7 |

Strum "d-Du-udu"

At C night, when | all the world's a Am sleep
 The | questions run so F deep, for | such a simple Bb man |
 Won't you C please, please | tell me what we've Am learned
 I | know it sounds ab F surd, but please | tell me who I Bb am |
