

You Took The Words Right Out Of My Mouth

Meatloaf

A **D** | **E7** x2

It was a **A** hot summer night and the **D** beach was burnin'
 There was a **A** fog crawlin' over the **D** sand
 When I **A** listen to your heart I hear the **D** whole world turnin'
 I **G** see the shootin' stars fallin' **Bm** through your tremblin' **A** hands |

You were **A** lickin' your lips and your **D** lipstick shinin'
 I was **A** dyin' just to ask for a **D** taste
 We were **A** lyin' together in a **D** silver linin'
 By the **G** light of the moon, you know there's **Bm** not another moment
 | Not another moment, | not another moment to **A** waste |

You **1/2Bm** hold me so **1/2A** close that my **1/2G** knees grow **1/2A** weak
 But my **1/2Bm** soul is **1/2F#m** flyin' high a **A**bove the ground
 I'm **1/2Bm** tryin' to **1/2A** speak but no **1/2G** matter what I **1/2A** do
 I **1/2F#m** just can't **1/2A** seem to **E7** make any sound **E7**↓ **nc**

Chorus - Strum "dudududu"

And then you **D** took the words right out of my **A** mouth
 Oh, it **G** must have been while you were **A** kissin' me
 You **D** took the words right out of my **A** mouth
 And I **Bm**↓ swear **G**↓ it's **1/2D** true
 I was **F#m** just about to say I **D** love you (**1/2F#m** love **1/2E7** you)

Repeat Chorus

Now my **A** body is shaking like a **D** wave on the water
 And I **A** guess that I'm beginnin' to **D** grin
 Oooh, we're **A** finally alone and we can **D** do what we want to
 The **G** night is young and ain't **Bm** no one gonna know where you
 | No one gonna know where you, | no one's gonna know where you've **A** been |

You were **A** lickin' your lips and your **D** lipstick shinin'
 I was **A** dyin' just to ask for a **D** taste
 We were **A** lyin' together in a **D** silver linin'
 By the **G** light of the moon you know there's **Bm**↓ not a **G**↓nother **1/2D** moment
 to **A** waste |

Repeat Chorus

Repeat Chorus

And then you **D** took the words right out of my **A** mouth
 Oh, it **G** must have been while you were **A** kissin' me
 And then you **D** took the words right out of my **A** mouth
 Oh, it **G** must have been while you were **A** kissin' me
 And then you **D** took the words right out of my **A** mouth
 Oh, it **G** must have been while you were **A**↓ kissin' me
